**Job Title:** MBA Summer Internship (paid)  
**Location:** Remote  
**Start Date:** TBD (flexible)

---

**Description:**

We are looking for an energetic self-starter to join our team as a summer intern. This role includes primarily deep research, but also allows for involvement in operations of our fund and an opportunity to interact with fund leadership, current and prospective portfolio company CEOs, and industry leaders in our network. This is an exceptional opportunity to spend 40+ hours a week with a fast-paced, high-performing team while building your network and experience in early-stage venture capital and financial technology.

**Who We Are:**

As a traditional venture capital firm with the untraditional practice of measuring the positive externalities of our investments, we're helping to chart the future of capitalism. We back teams with the big, bold ideas that we want to see in the world, driving real change for real people through the power of capital. **Key Responsibilities:**

- Primary:
  - Conduct research on emerging trends within fintech and/or economic inclusion
- Secondary:
  - Evaluate incoming investment opportunities by conducting research and meeting with founders
  - Assist in due diligence including competitive analysis, market research, financial analysis, and management team reviews
- Perform other projects, work and activities as assigned

**Ideal Qualifications:**

- MBA Candidate
- Proven self-starter, highly motivated personality, able to succeed in unstructured environment
- Strong analytical thinker who can synthesize discrete pieces of information into a conclusion
- Top-notch written and oral communication skills
- Informed on financial services and technologies
- High business acumen
- 1-5 years of experience in investment banking, consulting, investing, or at a startup
- Misfits are a real plus 😊
